# Superintendent's Message:

## Another Year Over...Already?

Wow. Where did the 2021-22 school year go? It seems like just yesterday we were working through revising our re-opening plans to address obstacles presented by the COVID-19 Pandemic. To be sure, we saw many changes throughout the school year. While we are still not completely back to "normal" (and the new "normal" will certainly look different than the old "normal"), we are getting closer every day.

And, once again, this year, I have been impressed with the resiliency of students, staff, parents and the community. Despite the curve balls that were thrown our way, we always managed to persevere. But, that's what we do... **WE ARE EAGLES!!!!**

How did we persevere? The answer is: working hard as a team. The students, staff, and parents never gave up when presented with a challenge. People asked one another for help, shared resources, celebrated success and maintained a positive vision. In the end, the students at ECS demonstrated they are going to succeed despite the odds. The students'

drive to succeed does not automatically happen in a vacuum; it is a character trait that is instilled by parents and family and further encouraged and enhanced by the staff at the school. It is a team effort and, I may be biased, but I know that ECS does this better than any other school when it comes to student achievement!

As we continue to move forward, we are now starting to see the return of so many events that have been missing the past two (2) years. Concerts, dances, the Dime Carnival, playoffs, musicals, banquets, etc. are all starting to become part of what we can do at the school again. I must say, we have already held a number of events and it sure is great to see everyone's smiles. It is also nice to see parents and the community back on campus at events. I have my fingers crossed that the worst of COVID is behind us, and we can continue to move forward.

On a different note, this summer will see work on the 2nd phase of our Capital Project. This work will include, among other things, flooring work in the

elementary, work on the gas tanks for our bus fleet, and a complete replacement of the playground wood chips.

As we head into the final weeks of the school year, I know that students will continue to put their best foot forward while parents and teachers provide encouragement to study hard and finish the year strong! Over the summer, my hope is that students and staff find the time to relax and recharge as they prepare for the 2022-23 school year at ECS. In the case of graduates, I wish each of you the very best on the next phase of your journey in life, whether it is college, the military or the workforce. I know I can say with confidence that your work and studies at ECS have prepared you for success!

Best Wishes for a Safe and Enjoyable Summer!

## Poetry Madness Bracket

Each year in April, our country celebrates National Poetry Month, and ECS students fully participated in the excitement by filling out poetry brackets. For the first couple weeks of April, students were introduced to two poems each day. They rated each one's mood, word choice, theme, and structure. The winning poems moved to second and third rounds, until the final two remained. "Wild Geese" by Mary Oliver and "Still I Rise" by Maya Angelou faced off.

The winning poem: "STILL I RISE." Poetry Madness was a new way to get students excited about the genre.

*Pictured above:* Maddox Bush and Sam Schwartz created a large version of the poetry bracket in the hallway.

Emma Lafferty holds her winning bracket with a total of twelve correct guesses. Congratulations, Emma, on a job well done!
