ELLICOTTVILLE CENTRAL SCHOOL

Volume 46, Issue 5

Register Today for Pre-K and Kindergarten

PRE-KINDERGARTEN - If your son or daughter will be turning 4 years old by December 1, 2016, please call the Elementary Office. We will then mail you a planning paperwork packet that will need to be completed and returned to the Elementary Office. Each year New York State reviews the funding structure for the grant supported Pre-K programs. Our Pre-K program is a half day program. If our Pre-K program is again funded, acceptance letters for the program will be mailed this June. The state considers a child Pre-school age if their birth date is between December 1, 2011 and November 30, 2012. Please contact the Elementary Office at 699-2318 as we will be happy to answer any questions that you have at this time.

KINDERGARTEN - Do you have a child that will be Kindergarten age this fall, but is not currently enrolled in our Pre-K program? Please notify the Elementary Office at 699-2318 so we may include your family in some upcoming activities this spring such as Kindergarten Screening and the annual Pre-K picnic. Our Kindergarten program is a full school day. (The state considers a child Kindergarten age if they turn 5 years old before December 1, 2016.) Kindergarten screening dates for this year will be May 9th, 10th, and 11th.

ECS Senior Quiz Bowl Team Wins Division in Challenge

The ECS Quiz Bowl team took two senior teams and one junior team to the Scholastic Challenge in Portville on February 6. All the teams did very well. The senior team (pictured below) with members Shelby Toth, Will Timkey, Victor Rieman, and Robert Spell won the senior division!

The teams did a great job representing ECS with their brains and their good sportsmanship! Thanks PTO for our awesome new team shirts!

A Look at What's Planned for 2016-17

By Mark J. Ward, Superintendent

As we enter the budget phase it is once again time to make plans for a new year! We are looking to expand of curriculum offerings, plan to add additional software and purchase a large number of computers for student use.

Technology:

With the significant role that technology plays in our lives and in the operation of the school it is an ongoing part of the budget process each year. We are planning to purchase another onsite **server** to store information that is routinely backed up. We also plan to purchase roughly **120 new Dell laptops** to replace computers in the library and will be distributed to all 8th and 9th graders. This will mean that all students in grades 8-12 will have their own laptop computer.

This technology will be purchased through BOCES in the form of an Installment Purchase Agreement (IPA) that allows us to buy items up front while paying for them over a period of time.

Teaching and Instruction:

We are in the process of expanding our course offerings for the upcoming year. I am pleased to let you know that Mrs. Melissa Reedy, high school math teacher, is being approved to teach a **Jamestown Community College course in Pre-Calculus**. Currently, we offer JCC Calculus and JCC Statistics but this will be a great addition to our curriculum and provide students with another way to acquire college credit in high school.

Mr. Dave McCann and Mr. Chris Keenan, high school social studies teachers, will be attending summer training at Syracuse University to become qualified to offer ECN 203 Economic Ideas and Issues through the **Syracuse University Project Advance (SUPA)**. While the District was approved last year to participate these will be the first teachers certified to offer the class.

Software:

We are planning to replace iReady with **Success Maker** which is a program that we had used before in the District. It helps with reinforcement of skills, AIS instruction and is often used during Homework Club. It allows us to track and monitor student progress and success.

The District is looking to purchase **Schoology**, a learning management system used by thousands of colleges and high schools across the country. It is a place to get assignments, leave assignments and share information. It not only can be used by classroom teachers, but advisors and coaches as well to relay information. By using a learning management system we will better prepare our students for the programs they will encounter on the next step in their educational journey.

We are making plans to add **“OverDrive”** to our library services in an effort to provide faculty, students and staff access to electronic books. This service will also give us access to a unique collection of books held by the CA BOCES School Libraries System.

Athletics:

We will be putting the finishing touches on the new softball field once the spring weather arrives. The mild winter allowed the grass to get a good start and we hope to have it ready for use in the summer. Some additional drainage and grading will still be needed. With three levels of baseball and softball teams this spring we will be “challenged” to find places to practice and fields to play on. We hope that in the future we will be able to work with the Village of Ellicottville to develop more fields in the Village Park and improve what is there for student use.

We plan to complete the work on the “bank” overlooking the football field. Some fill was placed there in the fall and we plan to reduce the slope grade and seed over the summer.

REMINDER: Contact Information

Parents / Guardians we need your help. Anytime you change your address, phone number, marital status, etc. you **MUST** notify the school to make sure we have correct and accurate information. While we prefer the notification in writing, you may also call or send an e-mail to tell us about the changes.

This information is extremely important as we use it to mail report cards, progress reports, notices, etc. It is also the information we use to contact you in the event of a medical emergency, school closing, etc. Our ability to contact you is only as good as the information we have on file.

Thank you for your attention in this important matter.

Students Gain College-Level Learning

Students in the JCC College Composition class offered at Ellicottville Central recently traveled to the Jamestown campus to learn about research techniques. The two-hour class introduced them to college-level databases, source evaluation, and search methods.

Smart Schools Grant Update

In an earlier newsletter we outlined what the District planned to do with the funds we were provided through the Smart Schools Grant. Though we received the lowest amount of all school in Western New York, the \$343,647 allocation will certainly come in handy to buy some much needed technology that will save the taxpayers the expense.

I am pleased to announce that we have maneuvered through the steps required by the Governor's Office with the plan formally submitted on March 2, 2016. The process was lengthy with involvement from students, staff, administration, Board of Education, parents and community members. After reviewing the things that would qualify, the group settled in on safety and classroom technology.

The safety portion of the grant monies will be used to purchase 75 networked cameras. This will provide more security in and outside the building and at all entrances with far more coverage than we have ever had.

The larger portion of the grant will be used to put Interactive Clear Touch 65" Screens in every classroom. They will allow us to eliminate televisions, projectors and white boards since the new technology is all in one. We currently have three (3) of the screens in the building and their capabilities are simply amazing with touch screens that connect the classroom with the internet, TV cable, software options and a host of instructional possibilities for teachers to use.

The District has been informed that once it is approved, we will have to front the costs and then be reimbursed by the State. As soon as the District gets the go ahead, we will start implementing our Smart Schools Investment Plan for classroom technology and security.

Boys' Modified Teams Build Skills During the Season

By Coach Chris Keenan

The Boys' Modified basketball teams completed their season utilizing two teams made up from 7th and 8th grade boys. The 7th grade team finished their season with 3 wins and 7 losses. They also combined with the 8th graders for 2 more wins for a total record of 5 and 7. The 7th grade players were; Mitchell Azcarate, Jamison Caldwell, Ryan DeKay, Adam Delity, Xander Ireland, Caleb Jennings, Blaise Konarski, Harrison Newark and Braedyn Palmatier. As a group, they worked hard to develop and improve their skills, and I hope to see that continue next year.

The 8th grade Boys' Modified team was an interesting group because half of the "8th" grade team were 7th graders. These boys developed into one of the most unselfish group of players I have coached. While undersized against every team we played against, they had a season that was record setting for the modified program. They suffered only 2 losses, and avenged each of those by defeating an undefeated Allegany 8th grade team, and then crushing a Salamanca team on their floor by 25 points. They also swept 2 games from the powerful Olean program. The actual 8th graders on this team were, first-timers, Tyler Noga and Cameron Terhune. Jordan Grinols and Nick Logel were the only 2 returnees from last years 7th grade team. the rest of the "8th graders" were actually 7th graders; Wyatt Chudy, Leif Jimerson, Konner Pierce and Clayton Rowland. These boys blended in perfectly with the true 8th graders to form a well run, "team first" unit.

I would like to thank all of the boys from both teams for their hard work, and Mr. Tim Grinols for his help in working with and shaping these teams.

PTO News

Come Support the Dime Carnival on Friday, April 15th! The Dime Carnival is back! This year's Dime Carnival is being held on Friday, April 15th from 5:30pm to 7:30pm in the high school gymnasium and cafeteria. Come check out some new games and our first year in the new gymnasium. We will be using tickets for the games again this year and they will be sold 10 tickets for \$1. We will also have tickets for our themed baskets for sale at \$1 each or 12 for \$10. If you would like to help the PTO out by volunteering your time, donating desserts for the cake walk, or donating clean glasses, plates, cups, etc. for the dime pitch, please contact Diana Olson at 378-6698 or dol-son@eville.wnyric.org. We look forward to seeing you at the Dime Carnival!

Box Top Collections Continue Making a Difference - The PTO recently held two Box Top contests in February. The first contest brought in \$809 that will be used towards PTO events, school supplies, and much more! Congratulations to Mrs. Donoghue and Miss Klahn's classes for each bringing in 587 Box Tops. These classrooms received delicious doughnuts from Rowland's Bakery. The second contest was organized between the PTO and the Jamestown Jammers. Any student who brought in 20 or more Box Tops before February 29th received the opportunity to attend up to four Jamestown Jammers baseball games. We are still counting the Box Tops from this contest. Please continue to send in Box Tops throughout the year, if you look at the bottom of the Box Tops there are expiration dates.

Please Turn in Labels for Education Before June 1st - Students recently turned in over 500 points in Labels for Education. With these points Ms. Adams in the elementary office is able to order glue and markers for the art classrooms and scooters, soccer balls, footballs, and tether balls for the physical education classes. Please continue to send these in.

*** *Labels for Education is going to be discontinued in August. If you can please turn in as many Labels for Education before June 1st so that Ms. Adams can place one last order for the art and physical education classrooms. More information will be coming about a new program that will replace the Labels for Education.* ***

Gardening Program Reaps Rewards

Mrs. Katie Benatovich coordinated an awesome team of students to grow fresh vegetables to give to the local food pantry. **Katrina DeChane, Brooke Butler, Courtney Venturin, Olivia Knab, Sarah Weber and Lita Conklin** dedicated many hours outside of school and during the summer vacation. We all worked under the tutelage of Mrs. Pat Kerl, who is a Master Gardener, to develop Ellicottville's Community Garden at the United Church.

The ground was prepared in April and three new raised beds were made courtesy of local businessmen Paul Timkey and Michael Stang. Aged manure was donated by Annie Widger and her husband, which enhanced the soil with all the nutrients the

vegetables would need. The Ellicottville Rotary Foundation for Youth donated marigold flowers which act as a natural pesticide. Mrs. Pat Kerl also donated tomato plants, broccoli plants, seeds and lent us her gardening tools.

Just after Memorial Day in May we planted everything and then a team, including Mrs. Annette Auteri, helped to water the beds. Mrs. Susan Avery from Southern Tier West helped us plant, weed and showed us how to make pea tee-pees.

These students enjoyed a special lunch and received certificates of recognition for their outstanding community service. We aim to develop this program during the summer 2016. More details to follow.

ECS OFFERS PATH TO HEALTH & WELLNESS

WALKING PROGRAM CONTINUES

Ellicottville Central School will host a Walk Program for community members November 30th through April 21st. The building will be open Monday – Thursday from 6-9 pm (when school is in session). Community members are asked to check-in each time they walk at the High School back parking lot entrance.

FITNESS ROOM OPEN TO PUBLIC

In an effort to promote health and wellness, the ECS Board has opened the use of the new Fitness Room to parents and family members of students who attend ECS, as well as District community members!

The state-of-the-art facility has a variety of machines (treadmills, elliptical, adaptive motion trainer, 3 virtual reality bikes, cardio stations, full dumbbell rack, two power Olympic racks with 4 stations and even more).

HOURS

- Monday, Wednesday, and Thursday 4:00-7:00 PM
- Tuesday & Friday 6:00-7:30 AM

Program runs when school is in session.

The District will provide supervision. Specific Regulations/Rules may be picked up in the MS/HS School Office or the District Office.

Petitions Due for Two Open Seats on Board of Education

Nominating petitions for the Ellicottville Central School District Board of Education are now available. The annual election will be held on Tuesday, May 17, 2016 to fill the seats currently held by board members Mr. Carl Calarco and Mr. James Wiley. Nominating petitions must be filed with the District Clerk by 5:00 p.m. on Monday, April 18, 2016.

Petitions must contain the signatures and legal addresses of at least 25 qualified voters living in the Ellicottville Central School District. A qualified voter must be a United States citizen, be at least 18 year of age, a district resident for 30 days prior to the election, with their current address on the nominating petition. To qualify as a candidate, one must be a qualified voter and a district resident for one year immediately prior to the election.

The candidates receiving the highest number of votes will each serve a five-year term, beginning on July 1, 2016 and expiring on June 30, 2021.

Nominating petitions are available in the District Office, between the hours of 8:00 a.m. - 4:00 p.m. (Monday-Friday) when school is in session.

Zlockie to Play Division I Soccer at SBU

Morgan Zlockie, a senior, signed a National Letter of Intent to play soccer next season at Division I St. Bonaventure University. On hand for the signing, were Morgan's parents Len & Judy Zlockie, Grandparents Dave & Barb Dry, high school Coach Mary Neilon, friends and classmates. Congratulations and best wishes to Morgan. The entire Ellicottville Central School community is very proud of you.
