

Meal registration for days the school is remote or a child is out due to COVID

As we continue to feel the impact of COVID-19 at the school, there may be times that ECS will need to switch to an all remote model for some or all students. In addition, we will have situations where students will be required to stay home due to having COVID or because they are being quarantined.

Through all of this, ECS will do its best to continue to run a nutritional program to provide daily meals to our students by providing free meals whether they are in the school building or at home. Starting Monday, November 29, 2021, we will deliver meals to resident families ONLY if they indicate that they would like them. Likewise, we will make meals available for pick-up by non-resident families ONLY if they indicate that they would like them. We are doing this avoid waste.

If you would like your child / children to receive meals whenever the district is on remote instruction, your child/children has COVID or your child/children are required to quarantine, you can register by completing and submitting the form found at the link the following link: <https://forms.office.com/r/4UpLCbZ9kb>
